

# Flowers for your wedding

Here at The Hive we know and understand the importance of setting the tone for one of the most important days of your life with beautiful flowers.

Congratulations! Whether you are a DIY Bride or want someone else to take the reigns and create picture perfect florals, than you have come to the right place.

Let's set a time to chat. We will chat about styles, colors, and all your floral needs. We will also visit the budget and work within it.

Give us a visit.
